Kneehill Tools for School Program

Back to School can be a financial challenge for some families, as the supplies required may put a strain on an already tight budget. Kneehill Regional Family and Community Support Services (FCSS) aims to help reduce this stress.

Through the support of community donors and sponsors, we continue to meet the school supply needs of children and youth in our Kneehill area communities with the Kneehill Tools for School program.

If your family is in need of assistance, please call our office at 403-443-3800 or email angie@krfcss.com for more information.
